

Sidney Elementary School Plan

2017-18

School Goal Statement: Our goal is to improve student achievement by increasing student levels of physical/healthy eating and social/emotional wellness.

1. Rationale:

- a. Research suggests that student learning is supported by daily physical activity.
- b. The comprehensive school health model continues to benefit student learning.

2. Strategies:

a. Taking Action:

- i. We will provide parent/guardian workshops on healthy living, nutrition and play strategies.
- ii. We will enhance our natural play space.
- iii. Incorporate curriculum concepts around mental wellbeing and increase exploration of physical and food literacy through DPA and “SPARK.”
- iv. We will develop joint partnerships with Panorama, PISE and Action Schools BC to provide opportunities for staff and students before, during and after school.

b. Checking/Results:

- i. In September we will confirm our school plan and review data collected in June.
- ii. As a school community we will review data after each reporting cycle to determine the effectiveness of our strategies and if necessary adjust them to meet emerging needs.
- iii. In November and April we will meet with colleagues from other districts to share what we are doing and learning.

Student Achievement Data:

- 1. Literacy Data: FSA % Meeting or Exceeding Expectations in Reading

FSA	2014-15	2015-16	2016-17
District:	81%	83%	
School:	78%	92%	89%

The Spiral of Inquiry

2. Numeracy Data: FSA % Meeting or Exceeding Expectations in Numeracy

FSA	2014-15	2015-16	2016-17
District:	82%	81%	
School:	78%	67%	70%

3. Engagement Data: OurSCHOOL Survey % of students who are interested and motivated

OurSCHOOL Survey	2014-15	2015-16	2016-17
National Mean:	72%	74%	
School:	82%	77%	78%
